

Prescribed Burning for Missouri Land Managers

presented by MDC along with partners in prescribed fire management

This online course was made possible by grant funds provided by the USDA Forest Service. In order for these funds to be available, MDC must match the funding, dollar for dollar. In order to meet this match, we are able to utilize your time and miles driven in a personal vehicle. Time you have spent completing the online course material and attending the field portion of the course along with any miles driven to and from the field exercise are eligible to be used for the required match.
